Dear Sirs: (FCC) 1641

Why do you want to take off RFD-TV? Are you against good wholesome family TV?

I do not want it taken off!
Most channels are sex and violence.
Is this what FCC has become?
No wonder there is so much crime
and violence in the world. You
are promoting it!

As FCC you are supposed to regulate programing. Now even daytime TV is filthy! Where have your values gone?

Please leave RFD-TV on the air for decent folks to watch. It has farm information, but also good music programs.

Sincerely,
Helen Williams

FCC 1641-6 RFDTV

Please Keep RFDTV on the air:
We enjoy that TV STATION the most
of all other stations:
We enjoy all the programs the
RFD Station has so many programs
that we enjoy = The Farm programs.
The horses, the Tractors, they sell.
The Cows - The Ropings = The
Country music = That station
is the information Station:
Please Keep this Station on the air

Sally Littleton

Dear Sir,

Please insure that RFD-TV is not removed from the cable and satellite television networks. Additionally, I require that all television networks carry RFD-TV.

RFD-TV programming is extremely important to me, Farmers, Ranchers and Senior Citizens throughout the U.S. for the following reasons but not limited to:

- I enjoy the Old Time Country Music.
- Agricultural information/data such as Livestock, grains, fertilizers, seed, cost, prices, current news, new products/equipment etc.
- Senior Citizenized Programming
- Family oriented Programming such as Texas County Reporter, Hee Haw, Rural Heritage, Post Cards from Nebraska, etc.

Please do all you can do to keep and/or add RFD-TV to all television networks.

Thank You,
Frank Wieden

Dear FCC - Proceeding number 16-41,

My family and many friends watch RFD-TV on Suddenlink. The programs are so uplifting!

Please stop dropping or squeezing these independent broadcasters like RFD-TV off the air.

Sincerely,

Marvin Williams

To the powers that be at the FCC 1041

Please don't use your power to discriminate against what you find uninteresting or unimportant.

The news that is broadcast on RFD is important to many farmers as it helps with their agribusiness. And your dinner table

The older shows that are broadcast are important to those who do not wish to watch "14" versions of CSI or shoddy sitcoms or off color comedy.

Some like the older music (when you get older you will be nostalgic too) happens to everyone.

Some like good family shows.

Variety is the spice of life they say & if everyone liked the same things it would be quite boring.

We watch RFD-TV on Dish Network. Why on earth would anyone want to take RFD off air? It's such a good channel providing us with so many good and informative programs such as farm reports, agribusiness news, weather reports livestock shows, grain prices, horse shows to mention a few. We also enjoy Cowboy Church, Gentle Giants, and all the music shows available. In December we always turn to RFD to watch the parade. It's such an awesome channel! We would miss it terribly if it were to be removed!

Sincerely,

*Jerry D. Robinson
Nancy L. Robinson*

W.M.
Sirs

I am writing this letter to inform you that the RFD Channel is the best channel on TV.

I enjoy the shows and entertainment which are CLEAN and morally fit. the family can watch and that's more than I can say about some of the other shows & channels.

I can't believe the FCC would stoop so low as to get rid of RFD Rural networks.

Please keep RFD on the air.

An supporter who
loved RFD.

To Whom It May Concern:

This is to voice my concern for the programming problems pertaining to RFD-TV. In this age where we are paying healthy amounts for television programs, yet find few channels airing much that is not full of violence, explicit sex and otherwise behavior unworthy of human consumption, one of the few alternatives we have found exist on the RFD channel. There, we can always find programming which does not offend our sense of respectability.

We may not be interested in 100% of the programs presented on RFD, but the average of acceptability far exceeds anything else available on other stations.

Please review the concerns of those of us who try to live up to the standards of which our country was founded.

Sincerely,

Lorraine B. Hancock

FCC: Gentlemen:

I was raised and lived on a farm, loving to work with horses and mules, while my four brothers used the tractor.

Before I could walk, my mother held me while she rode her horse, so RFD is where my interests are in TV viewing.

We have Suddenlink and are thankful RFD is in their programing.

We like programs with animals, nature, farming, country and western music, rodeos, all things that we grew up knowing and loving.

Please do not let this station be replaced by just another piece of Junk TV.

3-22-16,

To the FCC. for RFD TV. Station.
I'd watch this channel all the time
and enjoy it very very much.
So why would they want to take it
off the air causes so many people
watch it I'd like the Saturday
music rev shows. and everything else
they show. I am living alone right
now I'd lost my husband last year
he watch the channel a lot.
RFD is a very good channel.
So please leave it on the air.
Hope & pray that they will listen to
you on this matter. from keeping
other company that shows it will listen
I'd watch it on & direct that the
satellite company I'd get. So please
do all you can to stop this
from going any forward.

We are a family of farmers and depend on National (RFD) News - Crops, weather - wind factor - etc. I personally enjoy the programs you offer. Especially all the music programs - especially RFD's Larry's Country Show. (Good clean fun)

I know nothing about Verson but they are expensive. My connection is DISH - which is not very expensive and I receive all the programs I want. Since I don't have a computer - and don't want one. - I don't miss the expense! Our office has; however.

Living out of town; I certain don't run the tires off my car. Busy folks that keep their money & time for local concerts and activities - Valley wide. And of course RFD.

My heart would hurt if we lost viewing from your wonderful station.

Thank you, Marian Johnson

Please do not use my name or address for commercial uses.

Dear Patrick Goddish-

My husband and I stay home Saturday nights to show on RFD-TV. We have watched them since they began. We are 80 & 82 years old and would miss you if your shows weren't on.

We pay for a larger amount of shows to get RFD since we are in Florida. Our little day watches too!

Please do all we can
DOCKET FILE COPY ORIGINAL
to stay on the air.

I sure hope I got this address
correct! That's important to me!

If we were to loose RFD-TV,
we may as well toss our TV
in the Damps! My husband &
I moved to a Condominium 4
years ago & we'd gotten used
to RFD-TV on Dish Network &
the Condo we moved into, only
had Cable & couldn't get RFD-TV.
I called the Cable Co. & said
we were not going to remain there.
Then I called Dish & they
came out & hooked us up & we
resumed our RFD-TV watching. →

We're country / western fans & on Fri, Sat, or
Sunday nights - - that's all we watch on M.F.D.T.V.
It's marvelous!!

Please, Please, Please don't take it away
We're 83 & 86 years old & that's all we have.

To whom may concern 1641 Code 16-41
I am writing to keep RFD programming
on the air. I have Dish Satelite and
Heartland Channel. I do not watch any
of the other they either have a lot of
Violence or Sex which I am not interested
in and I know if I am going to watch
RFD I will see educational or music
which I like very much. Especially Harry's
Family Reunion. I am also a subscriber
to his newspaper. so to keep the word of
families & seniors I hope the big CEO's
will have a little Sympathy.
Sincerely 45867

FCC Officials;

If RFD-TV would be denied space on the airway it would leave a big hole in my viewing. It carries the kind of program I like. It is not available on any other channel. I like farm events, rodeo and country music.

Thank you,
Sela Wines
